

What We're About

PolicyWorks is an Iowa-based government and public affairs firm that partners with organizations, businesses and non-profits to achieve their public policy objectives.

It's about results.

We've been fortunate to work on impactful public policy. Because of our clients' vision, we have been able to help...

- + Iowans participate in election process with Election Day Voter Registration.
- + Legalize fantasy sports and sports gaming in Iowa.
- + Ensure amputees get insurance coverage for prosthetic devices.
- + Ensure newborns are screened for congenital heart defects.
- + Ensure solar energy is accessible and affordable for farmers, homeowners and businesses.
- + Iowans enjoy smoke free environments in public places.

It's about expertise.

Our bi-partisan lobbying team has decades of experience, bringing valuable insight to clients navigating the legislative process.

It's about passion, commitment and service.

We love what we do. We believe in our clients and their causes. And we know together we're making a difference every day. Making connections is the final piece of the story. Let us help you network by making introductions to key policymakers and hosting special events that provide strategic networking.
